

The Greenhouse, The Garden Bar with a difference.

There is a newly opened bar on the edge of Lamai. The Greenhouse Bar is setting out to offer an alternative style of venue for relaxing. Do the names Chaplin, Keaton, Hope, Davis, Crawford and Munroe mean anything to you? If your answer is yes, then you should pay a visit to the Greenhouse Bar where you will be able to watch these stars and many others, on a big screen.

The Greenhouse recently opened, and is run by Roger & Catherine Cornish. This British couple have been on Samui for just a year, and wanted to offer something a little different to other bars on the Island, and they look forward to welcoming you there.

Early evening starts off with easy listening music, and a golden oldie silent movie. The Beginning of Film brought back either as a re-mastered copy or as the original flickering version that we know and love. Charlie Chaplin, Buster Keaton, The Marx Bros, Laurel and Hardy to name but a few.

This is then followed by a classic movie, films starring famous stars like Joan Crawford, Clark Gable, Spencer Tracey, Bette Davies and many more.

To finish off the evening, a pop concert is shown from a wide range of famous artists ranging from Elton John to Madonna, Simon & Garfunkel to Phil Collins, Tom Jones to Abba, and many, many more.

The Bar is open Tuesday to Sunday, from 5.00pm, and can be found on the ring road, after the left hand bend at Wat Lamai, just over the bridge, past the 7/11, on the right heading towards Hua Thanon.

Every second Saturday of the month there is a BBQ. Starting at 7pm, the cost is 150Baht for the BBQ, and free beer or soft drink is included, subject to availability,

Roger and Catherine also hope to offer evenings and afternoons of alternative music styles and these events will be advertised in the bar.

For more information, please contact Catherine on 0819 786 245 or click on the Greenhouse Bar link at www.aubergesamui.com, where the next two weeks film listing appear.
